everest base camp trek - private comfort camps

trip highlights

Experience one of the world's most iconic trekking routes with everything included, expert guides, meals, gear, and accommodations.

Stay in private, sustainable trekking camps with standing-height tents, raised beds, thick mattresses, heated dining area, and clean toilet facilities

Trek with a carefully paced schedule that supports proper altitude acclimatisation, reducing the risk of altitude sickness.

Reach Kala Pattar for the most stunning panoramic views of Mount Everest, Lhotse, and Nuptse.

Discover key cultural landmarks at Namche Bazaar and Thyangboche Monastery, and experience the warmth of Sherpa hospitality in traditional villages and monasteries along the trail.

Support eco-friendly tourism, reduce plastic waste, and help create fair working conditions for local communities.

Trip Duration	17 days	Trip Code: EBC
Grade	Moderate	
Activities	Trekking	
Summary	17 day trip, 13 day trek, 2 nights hotel, 10 nights private comfort camps, 4 nights Lodges (2 nights basic)	

welcome to World Expeditions

For over 50 years, we've been creating high-quality, expedition-style adventures for active travellers with a curious spirit. From our very first trek in the mountains of Nepal to pioneering remote routes across all seven continents, our journeys are built for those who want to truly explore – not just visit.

At the heart of what we do is a simple philosophy: take the paths less travelled.

This means travelling with care, supporting local communities, minimising our impact, and unlocking experiences that most travellers will never have.

If you're ready to go further and dig deeper, we invite you to join us on the Everest Base Camp Trek - Private Comfort Camps, a journey that captures the essence of a unique adventure.

why travel with World Expeditions?

World Expeditions has been pioneering treks in Nepal since 1975, setting the benchmark for responsible and well-supported trekking. With seamless operations and expert leadership, every trek is guided by an experienced local leader trained in remote wilderness first aid, supported by a dedicated crew passionate about the region and eager to share its stories with you.

A defining feature of our Everest region treks is our private comfort camps, designed to offer a more sustainable and comfortable alternative to traditional lodges. At the end of each trekking day, relax in a heated dining room with cushioned seating, where our full-service team prepares and serves three wholesome meals daily, maintaining the highest hygiene standards. Sleep soundly in spacious, head-high tents equipped with comfortable camp beds, high-quality four-season down sleeping bags, and fleece liners, all included in your trek pack. Our camps feature composting toilets and convenient wash basins, ensuring minimal environmental impact without compromising on comfort. In key villages, we stay in carefully selected eco-lodges, while in Kathmandu, your journey begins and ends in a centrally located four-star hotel.

With no hidden costs, our all-inclusive treks offer the best value, providing everything you need for a rewarding and well-supported experience. More than just a trek, every journey with World Expeditions directly benefits the local communities, safeguards fragile ecosystems, and upholds the highest standards of sustainability.

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

World Expeditions does not require single travellers to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we cannot match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. Please refer to our website for the additional cost. Single supplement charges relate to nights spent at the Radisson Hotel in Kathmandu and our exclusive eco-comfort camps. In other locations single rooms are allocated when available, during peak periods single rooms cannot be guaranteed in Lobuche and Gorak Shep.

inclusions valued at USD\$:

Meals:	USD\$650
Internal Flights:	USD\$510

meals on trek :

Unlike most companies, World Expeditions includes a full meal service as part of the trip price. We believe in the value of providing you with a full service trek which is to lower the risks to you and to ensure you stay healthy, travel safely and with maximum enjoyment. The cost of meals in tea houses and lodges in the main trekking areas is not cheap, the choices are often limited and a lot of the food is fried. By joining one of our camping treks you'll have a full time personal cook and assistant on hand to prepare a creative menu using almost all fresh ingredients and carefully managing the food preparation and hygiene standards that would otherwise cost you \$50 a day or more. Many of our trekkers write to us to compliment the food they received on trek which is testimony to the quality of our fully serviced treks.

Every day is different but here is a sample of one days menu on the trail:

Breakfast

Tea, coffee served in your tent, hot chocolate, porridge or a grain cereal, toast with spreads, eggs (fried, omelet or boiled) and fried tomatoes, boiled water

Lunch

Lemon drink, chapatis, mixed vegetables, pasta, potatoes, canned tuna & meats, boiled water

Dinner

Soup, steamed vegetables, steamed rice, fried chicken, dhaal, spaghetti, chocolate cake, fresh apples, tea, coffee or hot chocolate, boiled water

the trip

The Everest Base Camp Trek in Comfort is a fully supported guided trek through Nepal's Khumbu region to Everest Base Camp (5,364 m / 17,598 ft), including the ascent of Kala Pattar (5,545 m / 18,192 ft) - the finest viewpoint in the region for Mount Everest (8,848 m / 29,032 ft), Lhotse (8,516 m / 27,940 ft) and Nuptse (7,861 m / 25,791 ft).

No technical climbing experience is required, but you should be fit, active and comfortable with sustained days of walking on steep mountain terrain.

What sets this trek apart from standard teahouse itineraries is where you sleep. Most nights on the trail are spent in World Expeditions' private comfort camps, set apart from the main trail, with standing-height tents, raised beds with thick mattresses and pillows, a heated dining room and composting sit-down toilets. The remaining nights are in handpicked lodges in key villages (two are basic due to limited options), with a comfortable hotel at either end in Kathmandu.

The itinerary is paced deliberately for safe altitude gain rather than speed, with dedicated acclimatisation time built in rather than treated as optional. Guides are trained in remote wilderness first aid and carry a group medical kit and a portable altitude chamber. The route's gradual sleeping-altitude profile is what gives trekkers the best chance of reaching Base Camp feeling well, and it is the single biggest difference between a rushed itinerary and a successful one.

The trail follows the classic route through the Sherpa heartland along the Dudh Kosi valley, with time in Namche Bazaar (3,440 m / 11,286 ft), the trading hub of the Khumbu, and at Thyangboche Monastery (3,860 m / 12,664 ft), the spiritual centre of the region. Beyond the treeline it climbs past Dingboche (4,360 m / 14,304 ft) on its alpine plateau beneath Ama Dablam (6,812 m / 22,349 ft), then follows the Khumbu Glacier to Gorak Shep (5,164 m / 16,942 ft), the last settlement before Base Camp.

Everything you need on the trail is included: all meals prepared fresh by a dedicated trekking kitchen team, treated drinking water supplied hot and cold each day to remove the need for single-use plastic, return flights to the mountain airstrip at Lukla, all national park fees and trekking permits, and a gear pack containing a four-season down sleeping bag, fleece liner, down or fibre-fill jacket and a duffel carried by our porters.

Groups are small and led by an expert local leader with a professional Nepalese crew. World Expeditions has been operating treks in Nepal since 1975. Our porters receive fair wages, insurance, protective clothing, food and shelter, and carry loads within responsible weight limits.

what's included

- Return domestic flights to Lukla
- All meals during the trek: 16 breakfasts, 13 lunches and 13 dinners
- Use of a World Expeditions trek pack including a quality sleeping bag, sleeping bag liner, and down or fibre-fill jacket (valued at US\$500)
- Sagarmatha National Park entry fee and TIMS trekking permit
- Two nights at the Radisson Hotel, Kathmandu
- Accommodation in Eco-Comfort Camps and handpicked local lodges during the trek
- Airport transfers on Day 1 and Day 17, or with pre/post-tour Radisson hotel booking
- Extra 5kg baggage allowance on the Lukla flight (total 20kg)
- Expert bilingual local guides trained in wilderness first aid
- Use of group medical kit and portable altitude chamber
- Ethical porter support including fair wages, proper equipment and responsible load limits
- Daily supply of safe treated drinking water to reduce plastic waste
- Souvenir World Expeditions kit bag

Local cash payments are becoming increasingly popular with many operators in the adventure travel industry. The policy seems to benefit the tour operators, more than the local economies or travellers, as it avoids local taxes and transfers the cost and risk of cash handling to travellers. In accordance with our Responsible Travel practices we have chosen a policy not to ask for such payments.

what's not included

- International flights
- Airport and departure taxes
- Visa fees
- Travel insurance
- Lunch and dinner in Kathmandu
- Bottled water, aerated and alcoholic drinks
- Personal expenses such as phone calls and laundry
- Tips and gratuities
- Any items not listed as included

detailed itinerary

DAY 1 Join Kathmandu (1,330 m / 4,364 ft)

You will be met at Kathmandu Tribhuvan International Airport arrivals gate by a World Expeditions representative and transferred to the Radisson Hotel in a private vehicle. The remainder of the afternoon is at leisure to relax after your journey or explore the surrounding area at your own pace.

A pre-trek briefing will be held at approximately 4:30–5:00 pm, where your guide will outline the journey ahead and organise the distribution of your trekking kit including your kit bag, sleeping bag and down or fibrefill jacket.

This evening we gather for a welcome group dinner, providing a great opportunity to meet your fellow travellers before the adventure begins.

Accommodation: Radisson Hotel Kathmandu

meals: NIL

DAY 2 Free Day in Kathmandu (1,330 m / 4,364 ft) or Drive to Ramechhap (drive 5 hrs)

Depending on the season, today is either a free day to explore Kathmandu or a road journey to Ramechhap in preparation for your flight to Lukla. If remaining in Kathmandu, you may choose to visit historic temples and markets, explore UNESCO World Heritage sites, or simply relax before the trek begins.

During peak trekking seasons, flights to Lukla operate from Manthali Airport in Ramechhap, requiring an approximately five-hour drive through rural countryside to position for an early morning departure. Your leader will confirm flight logistics and timings during the pre-trek briefing.

Accommodation: Radisson Hotel, Kathmandu or Eco-Comfort Camp, Ramechhap

Note: Domestic flights to and from Lukla may operate from Manthali Airport, Ramechhap during the spring and autumn trekking seasons (March to May and October to December). This is determined by the Civil Aviation Authority of Nepal and is subject to change.

meals: B

DAY 3 Fly to Lukla (2,800 m / 9,186 ft) Trek to Ghat (2,530 m / 8,301 ft, walk 2 hrs)

This morning we transfer to the airport for our short but spectacular flight to the mountain airstrip at Lukla. This famous airstrip was originally built by Sir Edmund Hillary and his team to support his pioneering work establishing schools and hospitals for the Sherpa communities of the Everest region.

The flight offers remarkable views of the eastern Himalaya, and on arrival we are immediately surrounded by dramatic mountain scenery. After meeting our trekking crew, we begin our walk descending toward the Dudh Kosi River. The name "Dudh" means milk, referring to the river's distinctive pale colour as it rushes down from the glaciers high in the Himalaya.

The trail is broad and well defined, winding past fields of potatoes and buckwheat, small Sherpa villages and lines of colourful dahlia trees. After an easy walk we reach Ghat, where we spend our first night in our comfortable private eco-camp in the Everest region.

Accommodation: Eco-Comfort Camp Ghat

meals: B,L,D

thoughtful travel

Our World Expeditions adventures are grounded in a deep commitment to regenerative travel, going beyond minimising harm to actively restoring and enriching the places we visit. We partner closely with local communities, ensuring that our trips support cultural preservation, fair livelihoods, and community-led initiatives. Each expedition is designed to protect and regenerate natural ecosystems through low-impact practices, climate action, and education that fosters respect for biodiversity. We prioritise meaningful connections between travellers and place, encouraging a sense of stewardship that lasts well beyond the journey. By embedding sustainability into every layer of our operations, we aim not only to explore the world responsibly but also to leave it healthier, more resilient, and more vibrant for future generations.

DAY 4 Trek to Monjo (2,850 m / 9,350 ft, walk 4–5 hrs)

Today's walk follows the Dudh Kosi Valley, gradually gaining altitude as we pass through a mix of pine forest and cultivated terraces where local farmers grow a variety of crops. Along the trail we encounter donkeys, yaks and dzopkyo (a yak-cow crossbreed) transporting goods and trekking equipment between villages.

Shortly after leaving camp we cross the Kusum Khola, a tributary of the Dudh Kosi. From here we catch our first views of Kusum Kanguru (6,369 m / 20,896 ft) to the east. Further along the trail, across the valley to the northwest, the peaks of Nupla (5,885 m / 19,308 ft) and Kongde Ri (6,093 m / 19,990 ft) rise above forested ridges. At another bend in the trail, the impressive pyramid of Thamserku (6,808 m / 22,336 ft) towers dramatically above the valley.

Today we also encounter our first Mani walls, sacred stone structures engraved with the Buddhist mantra "Om Mani Padme Hum", meaning "Hail to the jewel in the lotus." According to local tradition, these walls and nearby chortens should always be passed on the left side.

By afternoon we reach our private eco-camp above Monjo, set in a peaceful location overlooking the valley.

Accommodation: Eco-Comfort Camp Monjo

meals: B,L,D

DAY 5 Trek to Namche Bazaar (3,440 m / 11,286 ft, walk 4–5 hrs)

This morning we cross the striking turquoise waters of the Dudh Kosi River and enter Sagarmatha National Park, a protected UNESCO World Heritage area. The creation of the park was an important step toward reducing the use of firewood in the Everest region. Trekking groups are required to use kerosene for cooking, a sustainable practice we follow throughout Nepal.

The trail follows the river valley through pine forest, crossing several suspension bridges before reaching the confluence of the Dudh Kosi and Bhote Kosi rivers. From here we cross a spectacular high suspension bridge before beginning the steady climb toward Namche Bazaar.

The ascent winds through forested slopes until we reach a viewpoint where, on clear days, we catch our first glimpse of Mount Everest (8,848 m / 29,032 ft) along with surrounding Himalayan peaks. Continuing uphill, the trail leads us into Namche Bazaar, the vibrant Sherpa hub of the Khumbu region. The village is set in a natural amphitheatre with sweeping views across the valley toward Kongde Ri.

After lunch there is time to explore the lively markets, browse Tibetan trader stalls, or relax and enjoy the mountain atmosphere.

Accommodation: Lodge Namche Bazaar

meals: B,L,D

DAY 6 Trek to Kyangjuma (3,550 m / 11,647 ft, walk 3–4 hrs)

The trail climbs steadily from Namche to Syangboche airstrip before following a scenic ridgeline toward the Everest View Hotel. Sweeping panoramas open up across Everest, Lhotse, Ama Dablam, Thamserku and Khangtega, offering one of the finest viewpoints of the trek. Continuing on, we visit Khumjung and Sir Edmund Hillary's Schoolhouse in the Clouds, a landmark of the Himalayan Trust's early work in the

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

trip grading Moderate

On a moderate trek physical activity will generally not exceed eight hours in a day, and altitudes generally not exceeding 5,500 metres. On a moderate adventure the physical activity is sustained and travelers should be comfortable with occasional rough terrain. At any stage of a moderate trek you can expect long steep climbs and descents and a wide range of weather conditions. An example of an average day on moderate trek could include several ascents and descents of 500 metres or more, level ground is rare in the mountains. To prepare for a moderate trek you should begin training at least four to five months before your departure. As a guideline, an hour of aerobic exercise three to four times per week would be considered a minimum requirement. The best preparation is bushwalking/hiking involving relatively steep ascents and descents. If you can manage a couple of valley floor to ridgeline ascents per bushwalk, albeit with stops along the way, you will cope with a moderately graded trek. Speed is not important, stamina, confidence and continuity are.

adventure travel

By its very nature adventure travel involves an element of the unexpected. In remote and developing countries do not expect standards you are used to at home. Remote areas are sometimes unpredictable and itineraries may be altered. To get the most out of your adventure it is important that you are flexible, positive and eager to take on all the challenges that arise. If you are uncertain about your suitability for this trip we recommend that you speak with your consultant or travel agent.

Khumbu. A gentle descent then brings us to our exclusive campsite at Kyangjuma, with a shorter acclimatisation option available directly from Namche for those adjusting to altitude.

Accommodation: Eco-Comfort Camp Kyangjuma
meals: B,L,D

DAY 7 Trek to Pangboche (3,930 m / 12,894 ft, walk 5–6 hrs)

One of the most spectacular days of the trek, today's route begins with a gentle descent through rhododendron and pine forest to a suspension bridge crossing the Dudh Kosi River. A steady climb then leads up a long ridge flowing from the summit of Khangtega (6,782 m / 22,251 ft), where wildlife such as Himalayan thar, musk deer and the colourful danphe pheasant may sometimes be seen.

A traditional gateway and chorten mark our arrival at Tengboche (3,860 m / 12,664 ft), the spiritual heart of the Khumbu. The monastery here offers iconic views of Everest (8,848 m / 29,032 ft) framed between Nuptse (7,861 m / 25,791 ft) and Lhotse (8,516 m / 27,940 ft), alongside the striking peak of Ama Dablam (6,812 m / 22,349 ft) and neighbouring Himalayan peaks.

After descending to Deboche for lunch, we continue along the valley trail before making the final ascent to Pangboche, one of the oldest Sherpa villages in the region.

Accommodation: Eco-Comfort Camp Pangboche
meals: B,L,D

DAY 8 Trek to Dingboche (4,360 m / 14,304 ft, walk 3–4 hrs)

Today we follow the Imja Khola Valley, descending briefly before crossing a suspension bridge beneath sweeping views of Everest (8,848 m / 29,032 ft), Lhotse (8,516 m / 27,940 ft), Ama Dablam (6,812 m / 22,349 ft) and Nuptse (7,861 m / 25,791 ft).

Beyond the village of Shomare, the trail climbs steadily above the treeline as the landscape becomes more open and rugged, dotted with high-altitude shrubs and stone walls that protect crops from the strong mountain winds. As we gain elevation, the sense of altitude becomes more noticeable and the valley widens dramatically.

We arrive at Dingboche, set on a broad alpine plateau beneath the striking south face of Ama Dablam, one of the most beautiful mountains in the Himalaya.

Accommodation: Eco-Comfort Camp Dingboche
meals: B,L,D

DAY 9 Acclimatisation Day in Dingboche (4,360 m / 14,304 ft)

Today is an important acclimatisation day, allowing the body time to adjust to the increasing altitude while remaining active. Optional walks lead to the ridge above the village or further up the Imja Valley toward Chukung, offering expansive views of Lhotse (8,516 m / 27,940 ft), Nuptse (7,861 m / 25,791 ft), Ama Dablam (6,812 m / 22,349 ft), Chukung Peak (5,550 m / 18,209 ft) and Imja Tse (6,189 m / 20,305 ft).

From both the valley floor and surrounding ridgelines, vast Himalayan glaciers spill beneath towering cliffs rising more than 3,500 m, creating one of the most dramatic landscapes of the trek.

The remainder of the day is spent resting, hydrating and preparing for the higher stages ahead.

Accommodation: Eco-Comfort Camp Dingboche
meals: B,L,D

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

important note

These trip notes represent the most current information for this itinerary, and may supersede any information on our website, including but not limited to the itinerary and price. The itinerary should be seen as a guide only. This itinerary may change at any time due to inclement weather, forces of nature and other circumstances beyond our control.

DAY 10 Trek to Lobuche (4,930 m / 16,174 ft, walk 6 hrs)

As we continue gaining altitude, today's trek is taken at a slow and steady pace across increasingly barren terrain above the treeline. The trail climbs past Dughla and onto the Dughla Ridge, before crossing glacial moraine toward the Khumbu Glacier.

Throughout the day, expansive views unfold of Cholatse (6,440 m / 21,129 ft), Lobuche Peak (6,119 m / 20,075 ft), Pumori (7,161 m / 23,494 ft) and Nuptse (7,861 m / 25,791 ft). Along the route we pass a series of memorial cairns dedicated to climbers who lost their lives on Everest and neighbouring peaks, adding a powerful sense of place to this dramatic high mountain environment.

Reaching Lobuche, the air becomes noticeably colder in this exposed setting. Sunset views of Nuptse from above the settlement are often a memorable highlight of the day.

Accommodation: Lodge Lobuche

Note: Accommodation in Lobuche is basic due to limited availability, and single supplements cannot be guaranteed during peak periods.

meals: B,L,D

DAY 11 Trek to Gorak Shep (5,164 m / 16,942 ft) & Everest Base Camp (5,364 m / 17,595 ft, walk 7-8 hrs)

Today we trek alongside the Khumbu Glacier, following a rugged trail that winds across rocky moraine deep within the high glacial basin of the upper Khumbu. Surrounded by towering peaks and vast fields of ice, the landscape becomes increasingly dramatic as we approach the highest point of our journey.

Reaching Gorak Shep, the final settlement on the route, we pause for an early lunch before continuing onward toward Everest Base Camp. The walk to Base Camp is one of the defining moments of the trek, placing us among the icefalls and glaciers beneath the world's highest mountain. During the pre-monsoon climbing season, colourful expedition tents may be seen scattered across the glacier.

After spending time at Everest Base Camp and taking in the remarkable surroundings, we retrace our steps to Gorak Shep, where the thin air and stark alpine environment underscore the magnitude of the journey we have undertaken.

Accommodation: Lodge Gorak Shep (Basic)

Note: Accommodation in Gorak Shep is very limited and basic due to its remote location, and single supplements cannot be guaranteed during peak periods.

meals: B,L,D

DAY 12 Trek to Kala Pattar (5,545 m / 18,192 ft) & descend to Dingboche (4,360 m / 14,304 ft, walk 7-8 hrs)

We rise early for the ascent of Kala Pattar, a Hindi name meaning "black rock," where dark slopes lead to one of the finest viewpoints in the Everest region. From the

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

summit we enjoy extraordinary close-range views of Everest (8,848 m / 29,032 ft), with the Khumbu Glacier winding below toward the Icefall and Western Cwm, and many of the classic climbing routes visible across the vast glacial landscape.

After descending from Kala Pattar, we retrace our steps past the memorial cairns honouring Sherpa climbers who lost their lives on Everest, before continuing down through Dughla and along the old lateral moraine.

By afternoon we reach the sheltered village of Dingboche, set beneath the striking peak of Ama Dablam (6,812 m / 22,349 ft), with Imja Tse (6,189 m / 20,305 ft) rising at the head of the valley. If energy allows, there may be time for a gentle walk to a nearby ridge to enjoy sunset views over the surrounding peaks.

Accommodation: Eco-Comfort Camp Dingboche

meals: B,L,D

DAY 13 Trek to Kyangjuma (3,550 m / 11,647 ft, walk 7 hrs)

As we descend, there may be a temptation to rush, but today's route rewards a steady pace with constantly changing scenery. We follow the Imja Khola before crossing the Pheriche River and stopping for lunch at Deboche, surrounded by forested slopes and the quiet atmosphere of the high mountains.

After lunch, the trail climbs gently through rhododendron and birch forest to the spiritual centre of the Khumbu at Tengboche (3,860 m / 12,664 ft), where the monastery sits dramatically against a backdrop of Himalayan giants including Everest (8,848 m / 29,032 ft), Ama Dablam (6,812 m / 22,349 ft) and Lhotse (8,516 m / 27,940 ft).

From here we continue along the scenic ridgeline toward Kyangjuma, arriving at camp with sweeping views across the Khumbu Valley.

Accommodation: Eco-Comfort Camp Kyangjuma

meals: B,L,D

DAY 14 Trek to Monjo (2,850 m / 9,350 ft, walk 5–6 hrs)

If the weather is clear, we enjoy outstanding final views back toward the mountains as we pass once more through Namche Bazaar, with time to browse Tibetan shops or pause for a relaxed coffee in the Sherpa capital.

Leaving Namche, the trail descends steadily through pine forest toward the Dudh Kosi River, crossing several suspension bridges along the way. The landscape feels familiar yet transformed, carrying the weight of everything we have experienced deeper in the Khumbu and high among the world's greatest peaks.

Continuing down the valley, we exit Sagarmatha National Park and arrive at Monjo, marking the final stages of our journey through the Everest region.

Accommodation: Eco-Comfort Camp Monjo

meals: B,L,D

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

DAY 15 Trek to Lukla (2,800 m / 9,186 ft, walk 5–6 hrs)

We retrace our steps along the Dudh Kosi Valley, passing familiar villages, mani walls, and forested sections that now feel like old friends after our time in the high Khumbu. The trail undulates gently through the valley, with a final steady climb bringing us back to Lukla, where our trek first began.

As we arrive, there is a strong sense of achievement after completing one of the world's great mountain journeys. This evening provides an opportunity to celebrate together and thank our trekking crew and porters, many of whom will return to their home villages from here.

Accommodation: Lodge Lukla

meals: B,L,D

DAY 16 Fly to Kathmandu (1,330 m / 4,364 ft) or via Ramechhap (flight approx. 30–35 mins, drive approx. 4–5 hrs)

This morning we transfer to Lukla Airport for the spectacular flight back to Kathmandu. The short mountain flight offers memorable views of the Himalayan range as we leave the Everest region behind.

Depending on seasonal flight operations, we either fly directly to Kathmandu (approx. 30–35 minutes) or fly to Manthali Airport in Ramechhap (approx. 20 minutes) followed by a scenic drive to Kathmandu (approx. 4–5 hours).

Upon arrival in Kathmandu you will be transferred to the Radisson Hotel, where the remainder of the afternoon is free to relax, enjoy the hotel facilities, or explore the city and do some last-minute shopping or sightseeing.

Accommodation: Radisson Hotel Kathmandu

meals: B

DAY 17 Trip concludes Kathmandu (1,330 m / 4,364 ft)

After breakfast, the trip concludes unless further arrangements have been made. If you are departing today, you will be transferred to the airport for your onward flight.

meals: B

This itinerary is subject to change with any change in Community regulations as well as Governmental changes and natural circumstances beyond our control.

Chitwan Safari

country information

People from all walks of life are drawn to Nepal to experience the incredible Himalaya. Whether it is witnessing the windswept summits of the world's highest mountains, an early morning visit to a monastery high in the Himalaya, or sipping on a cup of warm Nepali tea with your trekking crew as you watch the sunrise over the mountains, we are sure you will find your adventure in Nepal with World Expeditions inspiring and rewarding. Far from the rush of the modern world, and in the delightful company of our trek crew, you will settle into a daily rhythm in the mountains that is immensely enjoyable. Our dedicated and experienced crew will take excellent care of you, helping you to relax, stay healthy and enjoy the beauty of Nepal. Their warmth and openness will give you an insight into their culture that will add a deeper dimension to your adventure. The camaraderie within your group that gradually develops on the trail, and the unexpected friendships you form with the locals you meet, will be highlights of travelling in this wonderful country.

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

Nepal's population of around 30 million people practice a blend of Hindu, Buddhist and traditional animist religion. While Nepal is a predominantly rural society, with 90% of the population living outside metropolitan areas, Kathmandu is rapidly urbanizing with a population of around 1 million. With over 100 different ethnic groups and languages, and an unparalleled concentration of World Heritage Sites in the Kathmandu Valley, Nepal offers a fascinating cultural tapestry like few places on earth.

climate

Our trekking season in Nepal extends from mid-September to May. However within this period there are clear seasons in the weather. Trekking in Nepal during winter, from December to February, offers cool to mild and clear days with often very cold nights. Occasionally winter storms can bring snow as low as 2500m. In March the cold, dry winter season begins to give way to warmer, spring conditions. Mornings are usually clear with cloud build-up occasionally bringing afternoon rain. Late spring conditions, in May, are generally hot at low elevations and as the clouds build up to the next monsoon which generally begins in June, daily afternoon rainstorms are common. This is a period that generally has clear weather at the higher altitudes and is traditionally a time when mountaineering expeditions commence their ascents. The monsoon creates a rainy season in Nepal, which lasts from mid-June to mid-September. During this time the Nepal Himalaya is unsuitable for trekking, with the exception of a few remote valleys. World Expeditions offers treks during this period in Tibet, the Indian Himalayan regions of Kulu, Garhwal & Ladakh, Central Asia and Pakistan, places that are at their best during this time.

The post-monsoon period - From early September the monsoon rain starts to decrease. By mid-October through to mid-December the weather is usually stable with mild to warm days, cold nights and clear views. Daytime temperatures can reach 25 - 30 degrees Celsius at lower altitudes and decrease as you gain height. Over 3000 meters the daytime temperatures can vary as much as 10 to 20 degrees Celsius, and may be hotter or colder, depending on whether it is sunny or windy etc. At night at lower altitudes, temperatures do not normally drop much, although as you approach November it does get colder and the days shorter. Up high it can drop sharply at night, from 0 to minus 10 or 15 and more when camped on the ice or snow.

The pre-monsoon period - In March the cold, dry winter season begins to give way to warmer, wetter spring conditions. Mornings are usually clear with cloud build-up bringing occasional afternoon rainstorms. Views of the mountains in the middle of the day and afternoon may often be obscured. Daytime temperatures increase quickly in March with temperatures of up to 30 degrees Celsius and mild nights. At higher altitudes it is similar to the conditions of the post-monsoon period, however there is usually more snow, which has accumulated over the winter period. There are spectacular displays of rhododendrons and wildflowers at this time of year. Late spring conditions ie April and May, are generally hot at low elevations and as the clouds build up to the next monsoon, daily afternoon rainstorms are common.

meals on trek

Unlike most companies, World Expeditions includes a full meal service as part of the trip price. We believe in the value of providing you with a full service trek which is to lower the risks to you and to ensure you stay healthy, travel safely and with maximum enjoyment. The cost of meals in tea houses and lodges in the main trekking areas is not cheap, the choices are often limited and a lot of the food is fried. By joining one of our camping treks you'll have a full time personal cook and assistant on hand to prepare a creative menu using almost all fresh ingredients and carefully managing the food preparation and hygiene standards that would otherwise cost you \$50 a day or more. Many of our trekkers write to us to compliment the food they received on trek which is testimony to the quality of our fully serviced treks.

Every day is different but here is a sample of one days menu on the trail:

Breakfast

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

Tea, coffee served in your tent, hot chocolate, porridge or a grain cereal, toast with spreads, eggs (fried, omelet or boiled) and fried tomatoes, boiled water

Lunch

Lemon drink, chapatis, mixed vegetables, pasta, potatoes, canned tuna & meats, boiled water

Dinner

Soup, steamed vegetables, steamed rice, fried chicken, dhaal, spaghetti, chocolate cake, fresh apples, tea, coffee or hot chocolate, boiled water

mountain flights

Twin Otter aircraft is the usual mode of transport to and from Lukla. This service is fairly dependable, however in case the flights are cancelled due to mountain weather conditions, World Expeditions will charter a helicopter to ensure you are on schedule for your international flight connections. The helicopters can fly if the visibility is 1500m, while the Twin Otter can fly if the visibility is 5000m as per the Civil Aviation Rules. The cost of the helicopter is payable directly to our Kathmandu office in the event that this service is utilised. US cash or credit cards (Visa, Mastercard & American Express only) are accepted. You will be given a receipt upon payment so that you may claim the amount from your travel insurance. The minimum cost will be US\$350 and maximum US\$650 depending on the number of group members. The maximum allowance for checked luggage on these flights is 15kg per person and 5kg for hand luggage. These limits are strictly adhered to so please pack carefully. Please note that approx 5.5kgs of this weight will be taken up by the sleeping bag (2.5kg), down jacket (1.5kg), kit bag (1kg) and sleeping bag liner (0.5kg) that you are provided.

contingency itinerary for flight delays

We aim to ensure the continuity of travel in the event of flight cancellations or adverse weather conditions. If flights from Ramechhap are delayed, we will attempt to fly the following day. If unsuccessful, a contingency itinerary will be put into place to ensure you are able to achieve the key goals of the trip, without compromising on acclimatisation. Your leader will brief you on the revised itinerary if it is necessary to put it into place. There is no additional cost associated with the itinerary change as the cost for the flights will be utilised towards the vehicles required to fulfil the new arrangements. In brief, the day to day itinerary will be as follows:

DAY 1: Arrive Kathmandu DAY 2: Drive to Ramechhap DAY 3: In Ramechhap, attempting to fly. DAY 4: If no flight possible by 12 pm, drive to Phaplu (approx 6-7hrs), overnight lodge DAY 5: Drive to Bhupsa (7-8hrs) and trek to Paiyan walk 2-3 hours, DAY 6 To Ghat, walk approx. 7-8hrs DAY 7 To Namche DAY 8 To Kyanjuma DAY 9 To Pangboche DAY 10 To Dingboche DAY 11 To Lobuche DAY 12 To Gorakshep DAY 13 To Dingboche DAY 14 To Namche DAY 15 To Lukla DAY 16 Fly to Kathmandu DAY 17 Trip concludes in Kathmandu

With this said, we have an extremely high level of our treks that operate as normal.

a typical day

Each morning begins with a wake-up cup of tea brought to you around 6:30 am, followed by a small bowl of warm water for washing. Before breakfast you pack your gear into your kit bag, which is carried by our porters or pack animals and won't be back with you until you reach that night's camp or lodge.

After a wholesome breakfast we are usually on the trail between 7:30 and 8:00 am, depending on the day's distance and terrain. The morning walk runs around three to four hours before we break for about an hour for lunch, at a spot our crew has chosen ahead of us. The afternoon walk is generally shorter, and we aim to arrive between 3:30 and 4:30 pm.

Afternoon tea is ready soon after you arrive, leaving time to rest or explore before dinner, usually served between 6:00 and 7:00 pm. Bring your headlamp and water bottles with you to the dining area so the bottles can be filled with boiling water for the night.

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

On the nights you are at one of our private eco comfort camps, dinner is served in a heated dining room with cushioned seating. After a long day at altitude, a warm place to sit and eat with the group makes a real difference.

Evenings on the trek are a special part of the journey. Whether it is playing cards, sharing stories, or music and dancing with the local crew, these are the moments most travellers remember long after the walking is done.

exclusive eco-comfort camps

The Everest area is a built up region. It's the homeland of the Sherpa people and the highest mountains on earth. As a result, it is Nepal's most popular tourism region for trekkers. Over time, villages in the area have grown with scores of lodges, restaurants and trekking equipment shops. We have observed many companies change over from camping to lodge/tea house trekking with these developments. These accommodations are reliant on wood from the region for heating, cooking and to generate warm showers. Some have solar technologies which are crude and not consistently functional as they rely on fine weather conditions. World Expeditions has always argued that lodge/tea house trekking is therefore a drain on a natural resource which is becoming increasingly scarce. We cannot consciously contribute to this problem which is now termed as a deforestation crisis. Our exclusive eco-comfort camps provide innumerable benefits. Firstly, we are able to continue our philosophy of offering camping treks which is the most sustainable type of trekking, whilst offering a greater level of comfort as a result of the construction of a permanent dining room structure which will replace the traditional mess tent. Meals will be taken in the dining rooms, and at the end of the trekking day, you may relax with cushioned seating and a pot belly stove that is fuelled by yak dung and not wood, to warm the room. There are no smoke emissions in the room as the chimney carries it outside. An ablution block comprising of several toilets with composting western sit toilets and hand basins are also installed in our camps. Our exclusive eco-comfort camps create an atmosphere of privacy and exclusivity and come with fine views of the mountains - a place where our travellers and staff come together, and where camaraderie and friendships are formed. We know this to be a highlight of our camping treks and consistently receive feedback that overwhelmingly supports this. Finally, our camping treks employ many local people - a workforce of up to 25% more than a lodge trek provides.

Hot shower facilities are available at some locations in the Everest region. These locations are: Ghat, Namche, Deboche, Dingboche, Lobuche, Dole, Machhermo and Gokyo. There will be a small charge of between 300-650rps to utilise this service, and it is subject to availability. Most, but not all, World Expeditions trips in the Everest region visit one of more of these locations.

dietary requirements

Provided we are advised in advance of your departure we are able to cater for vegetarian diets and can assist with medically recommended diets (allergies and intolerances). Please ensure you discuss your requirements with us well in advance (at least 1 month prior to your trip) to determine whether we can cater to such dietary requirements on your chosen adventure. Please note that options are likely to be limited in very remote locations or alternatives may be more expensive or unavailable. There may be times when those with special requirements may need to provide their own food. We are unable to guarantee a peanut-free or allergen-free trip, and therefore, we strongly encourage that travellers with life-threatening or severe allergies take all necessary medical precautions to prepare for the possibility of exposure. Passengers must travel with all necessary medications for food allergies and be capable of self-administering these medications.

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

equipment provided

You will be provided with the use of a World Expeditions trek pack which includes a quality sleeping bag, down or fibre fill jacket and sleeping bag liner (valued at over US\$500). Further, our porters and guides are provided with clothing and boots suitable for the conditions. See more information about our porter initiatives below.

accommodation in Kathmandu

In Kathmandu we stay at the comfortable, well located Radisson Hotel. The Radisson Hotel is situated in Lazimpat, a quiet and central area of Kathmandu. Only a short 12 minute walk to the main tourist district of Thamel, the Radisson acts as a base for World Expeditions travellers. The hotel has a World Expeditions tour desk in the foyer, free WIFI, a pool and bar, restaurants, room service, currency exchange and free luggage storage whilst you are on trip. A hearty buffet breakfast is included with every night stay in the Radisson. The Tranquility Spa, within the Radisson offers massage, reflexology, steam room and sauna, plus many beauty treatments for your enjoyment - as a World Expeditions client you will receive a 30% discount off the retail prices on any treatment at the Spa. You can book these services through the Radisson while you are in Nepal.

Single supplement charges relate to nights spent at the Radisson Hotel in Kathmandu and our exclusive eco comfort camps. In other locations single rooms are allocated when available, during peak periods single rooms cannot be guaranteed in Lobuche and Gorak Shep.

what you carry

You will need to carry your own daypack with essentials such as extra warm clothing (depending on altitude, weather, and location), a rain jacket, water bottle, camera gear, valuables, and personal items like sunscreen and lip balm. All group gear and your main trek pack will be carried by porters or mules, so your daypack should only contain items you need during the day.

equipment required

Specialist gear required includes walking boots and day pack (a comprehensive gear list is provided in the pre-departure information provided on booking).

acute mountain sickness

When we ascend above 2500 metres our bodies have to acclimatise to the decreasing amount of the oxygen available. To allow our bodies to adjust we have structured our treks so that you ascend slowly, allowing acclimatisation to occur. However, during the acclimatisation process, you may experience some of the following symptoms.

- Headache

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

- Tiredness
- Disturbed sleep
- Loss of appetite/nausea
- Shortness of breath
- Cough
- Palpitation
- Swelling of the hands and face

Individuals acclimatise at different rates. Your best strategy is to take your time and drink plenty of water. These symptoms may not indicate the onset of A.M.S. and if you experience them it does not necessarily mean that you should not continue. All our group leaders have extensive first aid training and we urge you to communicate with the group leader at all times should you believe you have any symptoms in order that we can effectively monitor your symptoms. The only cure for Acute Mountain Sickness is to descend.

Please note that your group leader has ultimate responsibility and may ask you to descend if symptoms persist.

porter initiatives

Porter Welfare in Nepal: the Himalaya

Porters are an integral part of the World Expeditions philosophy and style of travel. We take our travellers off-the-beaten track, avoiding the congested trails, to experience our often remote tent-based adventures ... this style of trekking is enabled by porters. When we trek, the entire group - travellers, guides and porters alike - are a team who share the same needs for safety in the mountain environment. Our Himalaya porters receive the following:

*A good working wage that is regulated by the Trekking Agents Association of Nepal and the Labour Union of Nepal. We pay per their guidelines, which are unionised.

*We are one of the only trekking companies in Nepal to provide our porters with three meals a day, prepared by our cooks.

*We are one of the only trekking companies in Nepal to provide our porters with lodging or tents, sleeping mats and blankets.

*Porters also receive life insurance and income protection insurance.

*Access to same first aid care that our travellers receive including emergency helicopter evacuation if required.

*Porters are provided with wind and waterproof jacket and over-trousers, 2 pairs of woollen socks, 2 pair of leather shoes on long treks and 2 pairs of canvas shoes while on short treks, woollen gloves, warm cap, sunglasses, mattress and blanket and tent / lodge.

*Porters are not to carry more than 30kgs.

*The minimum age for a Porter is 16 and the maximum age is 50 years old.

World Expeditions supports the good work of a number of international organisations that operate to ensure the health and education of porters, they are:

International Porter Protection Group >> www.ippg.net

International Mountain Explorers Connection >> www.mountainexplorers.org

Kilimanjaro Guide Scholarship Foundation Inc. >> www.kiliguides.org

vehicles & safety

During the course of your trip, we will use a variety of vehicles, all of which are fit for purpose and the conditions encountered. It should be noted that laws governing transportation safety

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private
Eco-Comfort Camps instead of standard teahouses

may differ from those in your home country and whilst wherever possible, vehicles with seatbelts are provided, on occasion some vehicles may not have seat belts fitted.

visas

Nepal Visa Information

All nationalities require a visa to enter Nepal. For most travellers, a multiple-entry tourist visa can be obtained on arrival at Tribhuvan International Airport (Kathmandu).

To make your arrival as smooth as possible and avoid long queues at the airport, World Expeditions strongly recommends completing the online visa application before you travel.

Option 1: Complete Your Visa Application Before Departure (Recommended)

The easiest and fastest option is to complete your visa application online before arriving in Nepal.

Online Visa Application Portal:

<https://nepaliport.immigration.gov.np/>

Important

Applications can only be submitted within 14 days of your arrival date

The barcode confirmation generated by the system is valid for 15 days. If your travel dates change and you arrive more than 15 days after completing the form, you will need to submit a new application.

How to Apply

1. Visit the Nepal Immigration Portal above.
2. Select "Visa on Arrival".
3. Choose Tribhuvan International Airport (TIA) as your point of entry if you are flying into Kathmandu.
4. Complete and submit the application.
5. Print or save the barcode confirmation receipt.

What to Bring

- * Passport valid for at least 6 months from your arrival date
- * Printed barcode confirmation receipt
- * 4 x passport-sized photographs
- * Visa fee payment (USD cash recommended)

On Arrival in Kathmandu

1. Proceed to the visa payment counter.
2. Pay the applicable visa fee.
3. Present your passport, payment receipt and barcode confirmation at Immigration.
4. Your visa will then be issued.

Option 2: Apply for Your Visa on Arrival

If you have not completed the online application before departure, you can still obtain your visa upon arrival at Tribhuvan International Airport.

On Arrival

1. Proceed to one of the visa application kiosks in the arrivals hall.
2. Complete the electronic visa application form.
3. Print the confirmation receipt if available, or take a clear photo or screenshot of the confirmation page.

everest base camp trek - private comfort camps

All-inclusive trek to Everest Base Camp, staying in private Eco-Comfort Camps instead of standard teahouses

4. Proceed to the visa payment counter.

5. Present your application confirmation, payment receipt, passport and passport photographs at Immigration.

Please note that queues can be lengthy during busy periods, which is why completing the online application before departure is recommended.

Visa Fees

Current tourist visa fees are:

15 Days - US\$30

30 Days - US\$50

90 Days - US\$125

Payment Information

USD cash is strongly recommended. AUD, CAD and GBP are generally accepted at the exchange rate of the day. Bringing the exact amount in US dollars will help speed up processing and avoid delays

Important Requirements

Before travelling, please ensure you have:

- A passport valid for at least 6 months from your date of arrival
- 4 x passport-sized photographs
- A printed or saved copy of your visa application confirmation (if applying online)
- Sufficient funds to pay the visa fee on arrival

Visa Validity

Once issued, your Nepal tourist visa must be activated by entering Nepal within 6 months of the date of issue.

As visa regulations can change without notice, travellers should always check the latest requirements with Nepal Immigration prior to departure.

World Expeditions Recommendation: Complete the online visa application before departure and bring a printed copy of the barcode confirmation. This is the simplest way to minimise waiting times and ensure a smooth arrival into Nepal.

Please bear in mind that visas may be required for countries you are visiting en route or transiting through on the way to your destination. It is important that you check the requirements of all countries you will visit. Visa costs and requirements do change regularly so we suggest you check with your travel agent or World Expeditions reservations consultant. It is your responsibility to obtain all necessary visas.

webinars & events

Catch a Webinar – Live or On Demand - to learn more about a particular trip. Make sure the trip you choose is right for you. Watch them live, so you can ask our presenters a question, or catch the recording later at your leisure and watch it On Demand. Visit our website or keep an eye on our newsletter for upcoming presentations.

private groups

The adventures that you see on our website are just a starting point. We operate many of our trips, which means we can be flexible and create an itinerary to suit your interests and dates. Talk to our team, you'll be surprised how much more affordable it can be when you get a group of friends, colleagues, a club – you name it, to travel with you!

trip availability

We operate small group adventures, which means availability is always worth checking early. Check trip availability online or call our team who might be able to dig a little deeper for you to find what you want, when you want.

Many adventures require services that, if not available at the time you book (like an internal flight or permit) could mean the trip is unavailable. So, book early to avoid missing out on your dream adventure.

how to book

Check trip availability and book your tour online, or call or visit one of our offices. To book a trip, you will need to complete a Booking Form (online or request a PDF) and pay a non-refundable deposit. Please note that when booking our tours to not confirm any additional arrangements until all services related to your tour are confirmed by your dedicated Reservations Consultant.
