## welcome to World Expeditions

For over 50 years, we've been creating high-quality, expedition-style adventures for active travellers with a curious spirit. From our very first trek in the mountains of Nepal to pioneering remote routes across all seven continents, our journeys are built for those who want to truly explore – not just visit.

At the heart of what we do is a simple philosophy: take the paths less travelled.

This means travelling with care, supporting local communities, minimising our impact, and unlocking experiences that most travellers will never have.

If you're ready to go further and dig deeper, we invite you to join us on the Victoria Falls to Namibia Explorer, a journey that captures the essence of a unique adventure.

## why travel with World Expeditions?

When planning travel to remote and challenging destinations, many factors need to be considered. Our extra attention to detail and seamless operations on the ground ensure that you will have a memorable experience in Africa. We take every precaution to ensure smooth logistics. Itineraries are well planned and include numerous visits to national parks. Most meals and excursions are included in the tour price. ## country information

### Zimbabwe

Zimbabwe is in south-central Africa, between the Limpopo and the mighty Zambezi Rivers (home of the famous Victoria Falls). It is a landlocked country that boasts varied landscapes; from granite hills, green and fertile plains, high moorlands and craggy, forest-topped mountains to rolling savannah. Zimbabwe has three languages: Shona, Ndebele and English and approx. 70% of the population speaks Shona as their first language. Sport is an important part of Zimbabwe culture; football (soccer) is by far the most popular sport.

### Botswana

Botswana in the centre of Southern Africa, is almost 582,000 sq. kms in area and is largely arid and semi arid, plains, pans and deserts. The Okavango Delta, is a rich and diverse habitat where the Okavango River drains into the sands of the Kalahari Desert. Formerly known as Bechuanaland, the former British protectorate gained independence in 1966. Shortly after independence, the discovery of 3 of the worlds richest diamond deposits helped in economic development of this stable and democratic African nation. Botswana is considered an African success story, with strong democratic institutions, little corruption, freedom of speech and sustained economic growth. With a population of more than 1.5 million, including many different tribal groups, the majority of people are Tswana, while other groups include the Herero, Mbukushu, Yei, San, Kalanga and Kgalagadi.

### Namibia

On the South West Africa Coast, sandwiched between the Kalahari Desert and the wild South Atlantic, Namibia has deserts, and dunes as well as coasts and canyons. Formerly a colony of Germany and later a colony of South Africa, the now independent Namibia is rich in natural resources and enjoys modern infrastructure and diverse traditional cultures.

The groups of maximum 16 (minimum 4) travel in custom built safari vehicles.

## wildlife

The wilderness areas of Africa are populated by large numbers of wild and potentially dangerous animals. The trip aims to view these animals in their natural habitat, uncontrolled by fences. Your experienced guides will make every effort to ensure the safety of the group at all times. Please be aware that all safari travel, including vehicle safaris in the proximity of wild animals is never entirely without risk. By travelling into wild areas in search of wild animals, all participants accept that they are choosing an adventure that includes an element of risk and this is an inherent aspect of the enjoyment of this style of travel.

## chobe national park

Chobe National Park, in Botswana's northwest, was the country's first official national park. Its original inhabitants were the San bushmen, a nomadic people who moved constantly in search of food. Original San paintings can still be found inside rocky hills of the park. The park is best known for its number of Kalahari elephants, over 50,000, which is Africa's largest concentration. Lion, hyena, antelope, wildebeest, warthog, hippopotamus and zebras are also commonly visible. The area's bird life is also prolific with more than 450 species recorded in the park.

## okavango delta

The Okavango Delta is the world's largest inland Delta. Today, the Okavango River has no outlet to the sea but instead empties onto the sands of the Kalahari Desert. The Okavango is home to an abundance of wildlife and attracts thousands of visitors each year. Elephants, buffalo, hippopotamus, wildebeest, giraffe, lion, cheetah, and leopard can all be found here. The park is also home to hyena, kudu, antelope, and both black and white rhinoceros. The delta also includes over 400 species of birds, including the African Fish Eagle, the Crested Crane, the Lilac-breasted Roller, and the Sacred Ibis.

## vehicles & safety

During the course of your trip, we will use a variety of vehicles, all of which are fit for purpose and the conditions encountered. It should be noted that laws governing transportation safety may differ from those in your home country and whilst wherever possible, vehicles with seatbelts are provided, on occasion some vehicles may not have seat belts fitted.

## visas

### Zimbabwe

You will need to complete an Online Declaration before arrival into Zimbabwe: <https://evisa.gov.zw/app/index.html#/home>

Visas are required for Zimbabwe for all the following nationalities and can be obtained at the border/ on arrival. These visa fees are payable (in cash only) on arrival at port of entry and are subject to change without notice:

United States of America US\$ 30 single entry; US\$ 45 double entry

United Kingdom US\$ 55 single entry; US\$ 70 double entry

Canada US\$ 75 single entry only; double entry not available

Australia US\$ 30 single entry; US\$ 45 double entry

New Zealand US\$ 30 single entry; US\$ 45 double entry

A common tourist visa was recently introduced for Zambia and Zimbabwe known as the (KAZA) UNIVISA. The US\$50 Univisa (recommend to pay in cash) is valid for 30 days and allows the bearer to enter both Zambia and Zimbabwe. So if you think you will cross into Zambia even for a short period from Zimbabwe (eg. to look at Victoria Falls from that side), then it is better to purchase the Univisa. Full details including ports of entry issuing the Univisa, the eligible countries and more are available here: <https://www.zambiaimmigration.gov.zm/kaza-univisa/>

Keep in mind that if you are visiting Botswana for longer than a day trip, you will need to get a single entry visa (for Zambia or Zimbabwe depending on where you land) or a Univisa (if you plan to visit both Zambia and Zimbabwe), then visit Botswana and on return, will need to purchase another single entry visa or Univisa. In other words – if you have a Univisa but leave the joint Zambia/Zimbabwe area, you will have to buy a new visa on re-arrival.

All other nationalities should check with your nearest embassy or consulate.

Visa requirements do change regularly so we suggest you check with your travel agent or reservations consultant.

### Botswana

Visas for Botswana are exempt for passport holders from the following countries:-

Australia

New Zealand

Canada

United States

United Kingdom

All other nationalities should check with your nearest embassy or consulate.

Regulations have been implemented for people travelling with children to/from Botswana. Anyone who is a minor (less than 18 years) must produce an original birth certificate in addition to a valid passport. If the child is not travelling with both parents named on their birth certificate a statutory declaration or affidavit made by the parent/s who are not accompanying the child, declaring that they give consent for the accompanying adult/s to travel with the child. This should be done and signed before a Justice of Peace. If the new requirements are not met, then boarding can be denied by any airline flying to/from Botswana, or travellers may be turned back at the border. If this applies to you, please make enquiries with your respective Botswana consulate/mission to confirm, as the conditions frequently change. We can assist with contact details of the relevant authorities if required.
